

## **TOPS Funding Update for 2016 Summer Sessions**

*As of May 5, 2016*

Summer TOPS payments have always been limited to very specific situations.

*What is the status of TOPS funding for Summer 2016 classes?*

- We do not anticipate having any TOPS funds available for Summer 2016 payments.
- As always, TOPS recipients who need Summer hours to reach their required 24 for the semester will still need to schedule and complete those hours in order to maintain eligibility for Fall 2016
- As always, TOPS recipients who need Summer grades to raise their Academic Year GPA to the required level for award retention may still use grades earned in the summer to do so.
